

## PRICE LIST April 2023

No responsibility is taken for the correctness of these informations! All prices plus VAT and shipping.

|          | PRODUCT  | DIMENSION          | PRICE/EURO               | Remarks                   |
|----------|--|--------------------|--------------------------|---------------------------|
| C 901    | Oscillator                                       | 3                  | 440                      |                           |
| C 901A   | Oscillator Controller                            | 1                  | 210                      |                           |
| C 901B   | Oscillator                                       | 1                  | 295                      |                           |
| C 901C   | Output Stage                                     | 1                  | 210                      |                           |
| C 902    | Voltage Controlled Amplifier                     | 1                  | 265                      |                           |
| C 904A   | V-C Low Pass Filter (-24dB/Oct.)                 | 2                  | 315                      |                           |
| C 904B   | Voltage Controlled High Pass Filter              | 2                  | 305                      |                           |
| C 904C   | Filter Coupler                                   | 2                  | 290                      |                           |
| C 905    | Reverberation Unit                               | 2                  | 420                      |                           |
| C 905A   | Voltage Controlled Low Pass Filter               | 2                  | 310                      |                           |
| C 906A   | Low Pass Gate                                    | 1                  | 275                      |                           |
| C 906B   | High Pass Gate                                   | 1                  | 275                      |                           |
| C 907    | Fixed Filter Bank                                | 3                  | 375                      |                           |
| C 907A   | Fixed Filter Bank                                | 3                  | 365/ 810 w.<br>inductors |                           |
| C 908    | Effector   | 1                  | 295                      |                           |
| C 909/RS | Two Rooms in One – Quadrophonic Reverb           | 1                  | 310                      |                           |
| C 910    | Poly Resonators                                  | 2                  | 355                      |                           |
| C 911    | Envelope Generator                               | 1                  | 240                      |                           |
| C 911A   | Dual Trigger Delay                               | 1                  | 235                      |                           |
| C 911A/M | Dual Trigger Delay                               | 1                  | 235                      |                           |
| C 911P   | Voltage Controlled Polyphonic Envelope Generator | 2                  | 345                      |                           |
| C 912    | Envelope Follower                                | 1                  | 210                      |                           |
| C 914    | Extended Fixed Filter Bank                       | 4                  | 405                      |                           |
| C 914B   | Extended Fixed Filter Bank with all outputs      | 4                  | 475                      |                           |
| C 914E   | Channel Enhancer                                 | 2                  | 325                      |                           |
| C 915    | Glissando  | 1                  | 195                      |                           |
| C 916    | Instrument Amplifier                             | 1                  | 205                      |                           |
| C 918    | Triple Waveshaper                                | 1                  | 205                      |                           |
| C 921    | Voltage Controlled Oscillator                    | 2                  | 375                      |                           |
| C 921A   | Oscillator Driver                                | 1                  | 265                      |                           |
| C 921B   | Voltage Controlled Oscillator                    | 1                  | 325                      |                           |
| C 922    | Audio Divider (3x Sub Octave)                    | 1                  | 195                      |                           |
| C 923    | Noise Source / Filter                            | 1                  | 275                      |                           |
| C 928    | Sample & Hold Circuit                            | 1                  | 275                      |                           |
| C 938    | Reversible Mixer                                 | 1                  | 235                      |                           |
| C 939    | Mixer  | 1                  | 235                      |                           |
| C 940    | Dual Headphone Amplifier / A440 Hz               | 1                  | 255                      |                           |
| C 946    | Sub Audio Oscillator                             | 1                  | 245                      |                           |
| C 947    | Triple Sub                                       | 1                  | 255                      |                           |
| C 951    | Arpeggiator                                      | 1                  | 310                      |                           |
| C 951A   | Arpeggiator Router                               | 1                  | 255                      |                           |
| C 952    | Keyboard Controller                              | Keyboard 5 octaves | 1290                     |                           |
| C 958    | Dual Quantizer                                   | 1                  | 310                      |                           |
| C 960    | Sequential Controller                            | 8                  | 1830                     |                           |
| C 960E   | Channel Extender                                 | 1                  | 295                      |                           |
| C 961S   | Gate Sequencer - blue LEDs / Moog lamps          | 1                  | 255 / 355                |                           |
| C 961D   | Dual Gate Sequencer - blue LEDs / Moog lamps     | 2                  | 395 / 470                |                           |
| C 962    | Sequential Switch                                | 1                  | 310                      |                           |
| C 962C   | V-C Sequential Switch with blue LED / Moog lamps | 1                  | 285 / 305                |                           |
| C 964    | Ratchet Sequencer                                | 1                  | 255                      |                           |
| C 965    | Denominator                                      | 1                  | 295                      |                           |
| C 966    | Arabesque Generator                              | 1                  | 285                      |                           |
| C 969    | Euclidean Bi-Clock Sequencer                     | 3                  | 455                      |                           |
| C 984    | Four Channel Mixer                               | 6                  | 485                      |                           |
| C 991    | Filters and Attenuator                           | 1                  | 155                      |                           |
| C 992    | Control Voltages                                 |                    |                          | available only in systems |
| C 992/B  | Control Voltages                                 | 1                  | 305                      |                           |
| C 993    | Trigger and Envelope Voltages                    |                    |                          | available only in systems |
| C 994    | Multiples  | 1                  | 155                      |                           |
